Miniaturas de Tiempos Venideros Catalina Iliescu Gheorghiu

This collection from 20 authors offers the reader a comprehensive look at the Romanian poetic landscape, beginning with poets born in the postwar period, who wrote with impressive thematic and stylistic diversity during and in spite of the dictatorship. Together with this generation appear poets writing after the fall of totalitarianism, a period when the new permeability of borders offered new possibilities for notoriety and brought on a rush of cultural and artistic effervescence. The selected poems in this collection represent four crucial decades in Romanian history, reflecting tendencies in poetic discourse during the final period of the dictatorship, as well as the decades of unsteady democracy that followed."
